Polls and Old Age Assistance Tax added	
in December	11
Amount of tax levied in December	23.40
Number of persons liable to military duty	773
Number of dogs returned	678

ARTHUR V. TRIPP,

LOREN W. PARK,

GEORGE NORMAN,

Board of Assessors.

BOARD OF HEALTH

The undersigned respectfully submit the following report for the year ending December 31, 1932.

The board organized with Dr. E. W. Burt, Chairman and Edward L. Macomber, Secretary.

Charles R. Wood was appointed Milk Inspector and John C. Partington, John L. Duffany and Edward S. Francis were appointed Inspectors of Slaughtering.

Forty-nine burial permits were issued during the year.

The following cases of diseases dangerous to the public health were reported: Chicken-Pox 5; Diphtheria 1; Dog-Bite 5; Lobar Pneumonia 1; Measles 70; Scarlet Fever 7; Pulmonary Tuberculosis 1; other forms of Tuberculosis 2; and Whooping Cough 4.

Following is the report of the Dental Clinic for the past year:

Cleanings	230
Examinations (Grades 1 - 3)	320
Fillings	334
Treated by Dentist	371
Extractions	114

Cash received and turned into the Town Treasury	\$137.38
--	----------

The method of procedure in the dental clinic is as follows:

Every child in the first three grades is examined by the dental hygienist and a record made of the condition of the teeth and recommendations made for dental work. A notice is sent to the parent notifying him of the need for dental work and if he wishes to have it done he signs a card and returns it to the dental hygienist.

The cases are then carried to the dental clinic where the treatment is given. It is impossible to do all the work which should be done with the appropriation and working force which we now have. For this reason it has been the policy to take some children from each section of the Town and this naturally leaves a great deal of work undone in every section of the Town. The dental clinic is conducted twice a week on Tuesday and Friday and the transportation of the children is done by the school nurse and the Red Cross nurses.

From the statistics it will be seen that a large number of children have had treatment and this is only a small part of what we could do if we had a larger appropriation. I do not feel that in these times a larger appropriation should be asked for. An estimate for continuing the service which we have given this year would be \$800 and repayment of roughly, \$150 made on this makes the net cost of the dental clinic about \$650.

Personnel

Director—E. W. Burt, M. D.
Dental Hygienist—Dorothy Learned
Dentists—E. E. Miller, R. K. Taber

Respectfully submitted,

E. W. BURT, M. D.,
CHARLES R. WOOD,
EDWARD L. MACOMBER,
Board of Health.

DISTRICT NURSE'S REPORT FOR YEAR 1932

To the Board of Selectmen,
Mr. George W. Russell, Chairman,
Westport, Massachusetts.

Gentlemen:

I respectfully submit the following as a report of the Nursing Service for the year 1932:

Visits:

Prenatal Cases	134
Babies under 1 year	531
Pre-School	599
Tuberculous Cases	39
Skin Diseases	97
Bedside Cases	1,401
Communicable Diseases	37
Social Service	738
	<hr/>
	3,576

Summer round-up: Pre-school clinic 1; 45 children vaccinated. Children transported to Fall River Hospital Clinics:

Pediatric	9
Eye	7
Prenatal	11
Nose and Throat	8
Orthopedic	5
	<hr/>
	40

Children transported from schools to the Dental Clinic and return—242.

Through the untiring efforts of Mr. George W. Howland, Chairman, of the Westport Branch of the American Red Cross, we were able to obtain the Flour, Clothing and Cloth listed below.

Distributed to 447 families	3020	Bags Flour
Cloth: Received		2555 yards
Distributed to sewing societies 1031 yds. (made into Dresses, Blouses, Pajamas, etc.)		
Given to families to make up for themselves	1524 yds.	
	<hr/>	
		2555 yards
18 pkgs. Birdseye Cloth.		

Garments:

Received: Garments (including men's Overalls, Union Suits, Trousers, Overall Jumpers, Knickers, Women's Union Suits, Bloomers, and children's Union Suits, Coat-Sweaters and Slip-on Sweaters.)

	1058 Total
Stockings and Socks, (men's heavy and lisle)	
(women's and children's)	607 Pairs
Overalls	173
Men's Union Suits	242
Trousers	99
Overall Jumpers	20
Knickers	27
Children's Union Suits	70
Women's Union Suits	4
Bloomers	123
Coat Sweaters	204
Slip-on Sweaters	96
	<hr/>
Garments	1,058
Socks:	
Men's Heavy	72
Men's Lisle	194
Stockings:	
Women's	266
Children's	75
Pairs	<hr/>
	607
Special Fund:	
Received from Nursing Committee	
Bridge	\$6.50
Received from Mrs. N. D. Gifford's	
Sunday School Class	2.57
	<hr/>
	\$9.07
Unexpended	2.00
	<hr/>
Total expenditures	\$7.07

Much credit is due the Public Welfare Board, the Police Dept., and the American Legion for their assistance in the distribution of the Flour. It was necessary in the distribution to contact each family and in many cases several calls were necessary to do this. Families in the outlying districts who were unable to reach the points of distribution, the flour was delivered to them by the Public Welfare and the Red Cross.

Yours truly,

(MRS.) SYBIL L. MERCER, R. N.

REPORT OF FIRE DEPARTMENT

Respectfully submit the following as the report of the Fire Department for the year 1932.

During 1932 the department answered 89 alarms classified as follows:

Chimney	24
Brush	24
Grass	13
Auto	3
Houses	11
Oil Stoves	5
Dump	2
Incendiary	2
Lightning	1
Still	1
Out-of-town	3
	<hr/> 89

An additional truck has been added to the department and is stationed at Routhier's Garage at Greenwood Park. This truck is equipped with a pump and large booster tank and was donated to the town by the residents of that section. The men of this company have done some wonderful work and are deserving of much praise as they already have two houses to their credit.

Respectfully submitted,

IRVING C. HAMMOND,
Fire Chief.

BOARD OF PUBLIC WELFARE

The Board of Public Welfare submits the following report for the year ending December 31, 1932:

Bureau of Old Age Assistance:

Number of applications received	19
Number of applications accepted	14

It does not seem to be well understood that all persons over 70 years of age are not entitled to receive Old Age Assistance. The State Bureau of Old Age Assistance lays down certain conditions which must be met before this assistance can be granted. After the case is investigated, the local board makes its decision. If the decision is favorable, a copy is sent to the State Bureau and a state investigator interviews the applicant and the local board and checks the statements made, and if satisfied that all conditions have been met, the action of the local board is approved.

	1930	1931	1932
Number of families aided	50	74	96
Number of adults aided	84	140	218
Number of children aided	165	230	319
Number of hospital cases	15	17	31
Number of burials	1	1	1
Number of persons in infirmary	8	8	9
Number of persons admitted to infirmary	1	2	3

INVENTORY OF TOWN PROPERTY

December 31, 1932

Town Farm	\$3,000.00
Wood Lot	600.00

Pine Island	100.00
Furniture	500.00

The number of persons aided by this department this year has been increased 181, an increase of nearly 50%. This increases materially the amount of the usual work of the Board in investigating. The expenditures of the department have been slightly increased, but by careful investigation and the co-operation of those aided, the expenses of the department have not been increased in proportion, and all necessary aid has been given. Unless there is a marked improvement in the industrial situation, it is probable that as much, or more aid will be required this next year.

The Board of Public Welfare considers itself the agent of the Town and its tax-payers, and that it has a duty to the tax-payer as well as to those who apply for aid. A careful investigation is made of each case and aid is given according to the facts found. To give more than is necessary would be unfair to the tax-payer, and to give less would be unfair to those aided.

The Board desires to again call attention to the rule of the Board, that all applications for assistance must be made by persons desiring aid. The Board wishes to acknowledge the valuable aid given by the Police Department and the nurses. We also wish to thank the various organizations, store-keepers and individuals who have so generously donated food and clothing for our needy.

The Red Cross by its distribution of flour, cloth and clothing has rendered invaluable and timely assistance to the needy of the community and the Board wishes to make special acknowledgment of this service.

JOHN I. GIFFORD, Chairman,

SAMUEL A. BOAN,

(MRS.) ROBY C. BURT, Secretary.

Report of the Trustees of the Free Public Library

The Trustees of the Westport Free Public Library respectfully submit the following report for the year ending December 31, 1932:

The Board organized as follows:

Chairman, Nason R. Macomber.

Secretary, Ada S. Macomber.

Librarian, Annie R. Howland.

Assistant Librarian, Annie S. Howland.

The library hours are from 3 to 5 and 7 to 9 P. M. every Saturday.

The circulation from the main library was 4,569, an increase of 896 over last year's. This does not include the books loaned to schools.

The State Department of Education has been very generous in its help to the library this year, loaning many books on special subjects. Many people have availed themselves of this service.

Books have been added to supply books for a reading contest under the direction of a special group, and others desiring such service will gladly be accommodated.

The following magazines are available for reading and for circulation:—National Geographic, Good Housekeeping, Popular Mechanics and American Boy.

LIST OF BOOKS ADDED TO THE WESTPORT FREE PUBLIC LIBRARY IN 1932

ELMER B. MANCHESTER, Jr.,

Town Accountant.

REPORT OF STATE AUDITOR

1931

September 9, 1932.

To the Board of Selectmen,
Mr. George W. Russell, Chairman,
Westport, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the Town of Westport for the fiscal year ending December 31, 1931, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,
THEODORE N. WADDELL,
Director of Accounts.

TNW/MEF

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

As directed by you, I have made an audit of the books and accounts of the Town of Westport for the fiscal year ending December 31, 1931, and submit the following report thereon.

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town, were examined and checked with the books and records of the town accountant.

The books and accounts of the town accountant

were examined and checked, the reported receipts being compared with the financial records of the several departments collecting money for the town and with the treasurer's books. The payments, as recorded on the ledger of the town accountant, were checked to the warrants authorizing disbursements and with the treasurer's cash book.

The ledger accounts were analyzed, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1931.

The ledger appropriation accounts were examined and checked with the appropriations and transfers voted by the town as shown by the town clerk's records.

In checking the appropriations, it was found that, at a special town meeting held in December, 1931, appropriations amounting to \$1,760 were voted for certain purposes and charged to "Revenue 1931", the amount thus appropriated having been, through error, closed out to surplus revenue at the end of the year. This amount was set up on the ledger to be raised in 1932.

The payments of debt and interest were checked with the amounts falling due and were found to be correct.

The books and accounts of the town treasurer were examined and checked. The footings of the cash book were proved, the recorded receipts were analyzed and checked with the records of the departments making payments to the treasurer, while the payments were compared with the selectmen's warrants. The cash on hand was verified by an actual count, the bank balances were reconciled with statements furnished by the banks, and the savings bank deposits were verified by an examination of the savings bank book.

The savings bank books, representing the investments of the several trust funds in the custody of the town treasurer, were examined and listed. The in-

come was checked and the withdrawals were compared with the records of the town treasurer and with the accountant's books.

Appended to this report are tables showing a reconciliation of the treasurer's cash and the condition of the several trust funds.

The books and accounts of the Town Landing Commission were examined and checked in detail. The cash book was footed, and the cash balance was verified by an examination of the savings bank book.

The books and accounts of the tax collectors were examined and checked in detail. The cash balance of the collector charged with the levies of 1930 and 1931 was verified with statements furnished by the bank. In the examination of the cash books of the collector charged with the collection of 1928 and 1929 taxes, it was noted that all receipts, as recorded, had been paid to the treasurer, but that an item amounting to \$191.25 collected some time previous to the date of the audit, had not been recorded. This item was paid over to the treasurer on June 22, 1932.

The commitments of the 1931 property, poll, old age assistance, and motor vehicle excise taxes were analyzed and checked with the warrants committing them for collection. In addition, the tax levies of 1928, 1929 and 1930 were examined. The abatements were checked with the assessors' records of abatements granted, the payments to the treasurer were compared with the treasurer's cash book, and the outstanding accounts were listed.

The outstanding taxes were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

Tables showing a summary of the several tax levies are appended to this report.

The tax titles taken by the town during the period

covered by the audit, together with the taxes added to the tax titles previously taken, were checked with the tax accounts, while the records of tax titles redeemed were checked with the treasurer's cash book. The tax title deeds on hand were listed.

A table showing the condition of the tax title account is appended to this report.

The financial records of the town clerk were examined in detail. The recorded receipts on account of sporting, dog, and local licenses were checked, the payments to the State and County were verified with receipts on file, while the payments to the town treasurer were checked with the treasurer's books. The cash on hand was verified by an actual count.

The records of the sealer of weights and measures were examined and checked, and the payments to the treasurer were verified by a comparison with the treasurer's cash book.

The surety bonds of the several town officers required by law to furnish a bond were examined and found to be in proper form.

For the co-operation and courtesies extended by the various town officials during the audit, I wish on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,

EHF/MEF

Chief Accountant.

Report of the School Committee

January 15, 1933.

To the People of Westport:

We submit the following report for the year 1932.

This Committee has realized that, in keeping with the general need for economy, the cost of Education has had to be reduced. We have labored earnestly to keep within the reduced budget and to preserve that which is best in our school system.

You recall that this year we received \$67,000 for General Education. This represents a reduction in two years of \$11,000, or 14 per cent. The dog fund and transfers to the amount of \$705.80 made \$68,162.52 available, and this amount, except for nine cents, was expended. State Reimbursements were \$7,940, which deducted from the \$68,162.43 expended makes:

The Net Cost of General Education for the year 1932—\$60,222.43.

The Net Cost of All Education for 1932 was—\$62,392.72.

Your own good sense should establish for you just about the problem this Committee has had in making these reductions. We cannot see, and doubt if the general public can show, where our educational system or the welfare of our school children has been hurt. We admit the desirability of having a music supervisor, but have considered this an opportune time to dispense with this service for a time. The teachers are

carrying out the old program and the course should run under its own momentum for a couple of years. Our School Nurse is now working on a part-time basis, but our present nursing service is the equivalent of that which many towns in our State have always considered ample. Emergency repairs should be made and have been made. Many repairs that might well be made must wait until our financial condition will permit. Salaries were adjusted and some were reduced; our transportation costs cut down at the same time that pupil miles were increased. Weather conditions favorable to our heating systems gave us an opportunity to operate with less coal and fewer repairs than would otherwise have been possible.

The old hot air heating system at the Point School has been inefficient and uncertain for at least eight years. There have been occasions when the leakage of coal gas has been truly serious. The furnace has been patched but cannot be guaranteed, and we wonder that it has not failed completely prior to this time. We are inserting in the Town Warrant an article providing for an appropriation to install a steam plant, modern in design and relatively cheap in operation, at the Point School. We feel that the voters as a whole must take with us any responsibility for attempting to continue with the present plant.

We shall continue our policy of running your schools within the budget which you provide by appropriation. There will be presented to the Finance Committee a budget representing our actual needs as we see them. Final action is in your hands and with it the education of your own and your neighbors' children.

There follows a brief report from the Superintendent of Schools, and some of the more interesting statistics relative to the school year. A more complete report has been omitted in the interest of economy.

This report has been included in the Town Report in order to make a further saving in expenses. Had a report of the usual length been printed, it would have been cheaper to have put it out under separate cover.

FREDERICK L. TRIPP,
MARY M. DAVIS,
CLARENCE A. LAWTON,
CHARLES T. GIFFORD,
LOREN W. PARK, Chairman,
Westport School Committee.

Report of Superintendent of Schools

To the School Committee of the Town of Westport

Mrs. Davis and Gentlemen:

In accordance with custom, I submit my fifth annual report, the fortieth in the series of annual reports submitted by the superintendents of this Town.

The **net cost** of Education has been reduced 15% in the past two years. The reduction in **net cost** this past year as compared with 1931 has amounted to 10%. School Department reports show where this saving has been made.

The question of the moment is, "Where can further savings be made in 1933?"

Salaries, including travel allowances, amounting to approximately \$46,000, and pupil transportation, amounting to approximately \$14,000, represent \$60,000 of the \$68,000 expended for General Education in 1932. I can see no net savings in the \$8,000 for 1933. If our system is to be properly provided with working tools and our school plant kept in a reasonable state of repair, this item should be increased rather than decreased. The whole trend is toward

larger classes and efficiency in education demands that as class size increases the teacher be supplied with better teaching tools if such are obtainable.

Savings over and above those made in 1932 will appear in 1933 as a result of action taken in the summer of 1932. Any further savings should be made in the items of salaries and transportation. The salaries of our janitors and teachers are low as compared with other towns. I know of no town receiving transportation the equal of ours at a lower rate. Except as the "law of supply and demand" in its relation to our ability to levy and collect taxes demands further reductions, I cannot conscientiously recommend any in these two items.

I do realize that times are hard and the taxpayers of Westport seek relief. It is essential that our town remain solvent and a reduction in all town expenses would appear to be necessary. The School Department should have the courage to accept a fair share of this retrenchment. To you, the School Committee, and to all citizens interested in tax relief there is a challenge. It becomes our duty to see to it that savings at one point are not lost at other points; that necessary curtailment of worthwhile activities is followed by real tax relief.

School population in total number has scarcely changed from last year, but the enrollment in the last six years is considerably higher, and all evidence points to further increase in our high school numbers next fall. This means more text books and further transportation and housing problems. Our numbers are increasing where school costs have always been largest.

Commendable departmental reports have been received from the usual sources, but are omitted from this printed report in the interest of economy.

Mr. Gifford, our High School Principal, has made a rather complete report. In it, he sums up his study

of the possibilities of savings through eliminating such departments as Household Arts, Agriculture, and Commercial Studies. He and I agree that the elimination of either the Household Arts or the Agricultural Department can only lead to an increased expense in the **net** cost of operating our high school. This is due to the loss of State aid which would result from their elimination.

Commercial courses are expensive. Typewriters at \$60.00 to \$70.00 each cost much more than text books. When we leave the field of typing and elementary business or bookkeeping, expenses increase due to small classes. The elementary work in the Commercial Course is much in demand and can be readily justified.

The only savings that Mr. Gifford and I can see must come through larger classes and the elimination of elective courses where the number enrolled is small. We would recommend for consideration the development of a basic general course that would include, in each of the last four years of high school, subjects valuable to **any one** and pointing toward greater social and civic efficiency. Such a course would include credits acceptable for admission to our State Colleges and to normal schools. Digression from such a course would be based on individual needs, the individual's proven ability, and the size and number of elected courses. Money available would have to be considered in connection with the size and number of elected courses.

Mr. Quinn of the high school faculty is on a year's leave of absence and is studying at Columbia University. Three other members of the high school faculty left our service prior to July 1. Mrs. Dorothy Wood Smith resigned as a teacher at the Factory School. The Ungraded Class, a highly desirable unit, has been discontinued, as the room was needed for the increased enrollment in the seventh, eighth, and ninth grades. Miss O'Donnell, who taught the Ungraded

Class, was transferred to the Head School; Miss Angela Boodry resigned. Mrs. Doris Baker Davis resigned as Music Supervisor, and the vacancy has not been filled. I have noted no let down in teaching effort; consider that our few teacher replacements are maintaining the standards set by their predecessors; and believe real improvement has resulted in our teaching efforts as a whole.

The Dental Clinic has continued to fill a long felt need and I thank the Board of Health and those citizens who have made it possible. I recall the social and economic objections raised in connection with its establishment, and respect the honest convictions of its opponents. I personally believe that its community benefits in a town where there is no dentist outweigh its objective features. Our School Department Budget for health can be cut to \$900.00 in 1933. This saving is sufficient to maintain a Dental Clinic in 1933 and leave a balance toward the reduction of our tax rate.

I strongly urge that the Dental Clinic be continued.

The School Physician's report indicates that it is still possible to continue a program of worthwhile physical examinations. The School Nurse, even though on part-time, is attempting a real follow-up program. Such worthwhile activities as the Chadwick Clinic (tuberculosis diagnosis and advice), pre-school clinic, vaccinations (by Board of Health), Schick Tests and T. A. T. treatments for diphtheria prevention can and will be continued.

Let us not dwell over long on that which is lost, but rather look forward with our children to the many opportunities for faithful service which still remain. In this challenge I am sure we, the teachers of Westport, will have the continued and whole-hearted support of the School Committee and the people of Westport.

Respectfully submitted,

MILTON E. EARLE.
